

## **Experienced Window / Door Assembler**

**EuroLine Windows Inc., Delta, BC**

### **About EuroLine Windows**

EuroLine Windows Inc., a private Canadian company, is an innovative designer and manufacturer of custom-made, high-end, high-performance windows and doors for private residences and commercial buildings.

Founded in 1993 as A.N.G. Window Tech Ltd., the name was changed to EuroLine Windows Inc. in 1998 to better reflect the advanced European technology embraced by the company. Since then, EuroLine has grown to become the largest manufacturer of uPVC tilt & turn windows and doors in North America, with installations throughout North America and countries around the globe. Our superior product, installation and customer service have garnered us a reputation as a premium window company in the industry, both with homeowners as well as building professionals.

We are passionate about providing the best windows and doors in functionality and thermal comfort.

We currently have opportunities for experienced window/door assemblers to join our team.

### **Position Summary**

Work in the assembly of uPVC windows and doors. These positions are best suited to very versatile people that know their way around equipment and most hand tools, can read metric and imperial tape measures, are self-starters with a can-do attitude.
